## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-24 are rejected under 35 U.S.C. 102(b) as being anticipated by Christie (U.S. Patent No. 5,881,960).

As best understood and with respect to Claims 1-10 and 16-24, Christie, Figure 4, teaches a storage device comprising: a tape drive; a spindle 126 in the tape drive; a probe 162 positioned in the spindle, wherein the probe engages an opening in the center of a hub in a cartridge as the cartridge is inserted in the tape drive; a hollow stem; a spring 170 in the hollow stem; a stop portion positioned in one end of the hollow stem; a tape cartridge including a hub gear 138 with an opening 130 through the center of the hub.

With respect to Claims 11-15, the method described in these claims would inherently result from the use of the tape drive of Christie as advanced above.

### ***Response to Arguments***

Applicant's arguments filed September 30, 2005 have been fully considered but they are not persuasive.

With respect to applicant's remarks on pages 6 and 7, it should be noted a reference is to be considered not only for what it expressly states, but also for what it would reasonably have

suggested to one of ordinary skill in the art. In the instant case, the Christie reference reasonably suggests an opening and the probe going through the opening.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
